

Children's Diabetes Centre Community Conversation

Do you have an interest in Type 1 Diabetes?

We want to hear from teens and young adults living with Type 1 Diabetes as well as parents of children with T1D. Tell us what you think and have input into our research and clinical service at Princess Margaret Hospital!

We would like to talk to you about:

- Ideas for future research projects and the relevance and usefulness of current projects
- How to improve clinical services at PMH and the new Perth Children's Hospital
- Ways to communicate and engage with the Type 1 Diabetes community

Tuesday, November 21

6.30pm – 8.30pm

The Boulevard Centre

99 The Boulevard, Floreat 6014

A light supper and small payment
will be provided

We reserve the right to make changes to the event and
the confirmed registration list
