

# Adolescent Transition Information Evening

Learn about life after Perth Children's Hospital

Have you ever wondered?

- What hospital will I be transferred to?
- What service do they provide?
- How is this decided?
- Should I go public or private?
- How can I prepare?
- Can I just see my GP?

If so then please attend our Adolescent Transition Information evening.

Meet members of the team from tertiary hospitals and liaise with other diabetes service providers throughout Perth. There will also be time for any questions you may have for your future healthcare providers.

## When?

**WEDNESDAY 19<sup>th</sup> June**

**Arrival from 5.30pm**

**Presentations from 6pm – 8pm (light refreshments provided)**
